Skills

Programming Languages:	Java, Python, C++, C, JavaScript
Web Development:	HTML, CSS, JavaScript, Front-End Development
Version Control:	Git, GitHub
Operating Systems:	Windows 7/8/10, Linux
Other:	Fast Typing

Projects

Academic Project: **College Enquiry System Using Bot**
Developed a web-based application to manage queries efficiently through a bot. The system reduces the need for human manpower, saves time, and provides instant responses to user queries. The application is compatible across various devices and user-friendly.
